SUMMARY

Front-End Developer with 10+ years of experience delivering high-performing e-commerce and digital experiences across retail and travel industries. Specialized in React, Next.js, Webflow, WordPress, Shopify, and Magento, with expertise in performance optimization, technical SEO, accessibility, analytics, and conversion rate optimization.

Combining UX, data, and technology to build scalable web experiences that drive engagement, conversion, and business growth. Experienced collaborating with cross-functional and international teams to transform ideas into measurable digital outcomes.

EXPERIENCE

Viajes El Corte Inglés México – Frontend Developer (Hybrid)

Jun 2024 – Present

- Develop and maintain responsive, high-performing front-end solutions for E-Commerce projects.
- Build new components using **ReactJS** and Vanilla **JavaScriptES6**, and apply style adjustments with **CSS3 (LESS)**.
- Collaborate with UX/UI teams and cross-functional teams across international teams.
- Ensure code quality, performance, and maintainability (**JEST** testing)
- Provide quick solutions and resolve incidents efficiently, improving response times with quality code.
- Contributed to sales growth and higher conversion rates by implementing front-end optimizations and new features.

GAIA Design – Frontend Web Developer / UX E-Commerce (Remote)

Mar 2019 – Mar 2024

- Developed landing pages and migrated Magento to Headless using **ReactJS**, **Next.js**, **Vercel**, **Tailwind**, **DatoCMS**.
- Optimized performance, UX, and checkout flows, increasing conversion rates.
- Coordinated with design and marketing teams on promotional campaigns to improve the acquisition of leads.
- Make **AB testing** with **VWO** to improve de CRO.

Inbox Marketing Solutions / SRM – Webflow Developer (Contract Remote)

Jul 2020 – Jan 2023

- Designed and maintained **Webflow** websites with custom interactions, animations, and responsive layouts.
- Integrated third-party tools like **Zapier** and managed CMS content.
- Ensured accessibility and optimized user experience.
- Develop **HTML e-mail templates**.

Interjet – Frontend Web Developer / UX E-Commerce

Jun 2016 – Mar 2019

- Built responsive landing pages and microsites using **HTML5**, **CSS3**, **Bootstrap**, **JavaScript**, and **Oracle Responsys**.
- Developed internal and promotional campaigns, improving user engagement.
- Led prototyping and template creation for site redesigns.
- Develop high quality **e-mail templates** for the marketing team for leads acquisition and promotions.

- Developed microsites and landing pages for multibrand E-Commerce platforms.
- Participated in migration to **BCC Oracle ATG Web Commerce**.
- Implemented **UX/UI** improvements and interactive prototypes for checkout flows.

Freelance | Self-Employed – Web Frontend Developer (Remote)

Aug 2007 – Present

- Design, develop, and **optimize high-performance** websites, e-commerce platforms, and digital products using React, Vue, Astro, JavaScript (ES6+), HTML5, and CSS3.
- Build and **customize websites** in **Webflow, WordPress, Shopify, and Magento**, including theme development, template customization, landing pages, third-party integrations, and CMS management.
- Translate Figma and Adobe XD designs into responsive, accessible, and conversion-focused user experiences, following UX/UI and modern frontend **best practices**.
- Implement deployment workflows and **CI/CD** processes using **GitHub, Vercel, and Netlify**, ensuring **scalability, maintainability, and reliability**.
- Improve website **performance** through **Core Web Vitals** optimization, technical **SEO**, analytics implementation (GA4), and **conversion rate optimization** initiatives, including **A/B testing** with **VWO**.
- Collaborate directly with clients, designers, marketers, and stakeholders to **define requirements**, manage project delivery, and **align technical solutions** with business goals.
- Provide consulting on **web strategy**, digital marketing, SEO, performance optimization, and user experience to help businesses **increase visibility, engagement, and conversions**.
